

CASE STUDY 2021

## Vapiano Netherlands Slip Glasses Case

CLG was approached by Vapiano Netherlands to create a special gift for their managers. The gift was a slip glasses case, which was a perfect choice for the occasion.

It has been an exceptionally hard time for the hospitality industry, and the Italian food chain Vapiano Netherlands wanted to gift their managers an ultra special thank you for their hard work and dedication through these difficult times.

We were in the middle of summer and a beautiful slip glasses case felt like the perfect choice. They chose to add a quote; 'say yes to new adventures'

*"The leather sunglass cases we ordered from CLG were gorgeous...We also loved working with the CLG team."*
