

CASE STUDY 2022

The Mere Bag Tag

CLG was approached by The Mere Golf Resort and Spa to create a luxury bag tag for their members. The tag was designed to be a high-quality, durable, and elegant accessory that would complement the resort's branding and provide a practical function for members.

The Mere Golf Resort and Spa offers a tranquil setting for a short break, spa treat, round of golf or family celebration. Nestled in the heart of the undulating Cheshire countryside.

"I have been working with Courtney to organise our Members Bag Tags. Courtney has been fantastic throughout this process keeping us updated along the way. We received the product last week and are really pleased with the quality. We will definitely be using CLG again in the future."

Tom Lawton,
Head of Golf
