ABOUT US & CLG LONDON

CLG London was founded by Courtney and Hannah on a simple idea, shouldn't corporate gifting leave a positive, long-lasting impression?

With a policy of zero waste and budgets to fit all requirements, we're working with some of the most prestigious brands and innovative start-ups around the world, injecting a much needed shot of elegance into a traditionally old fashioned category.

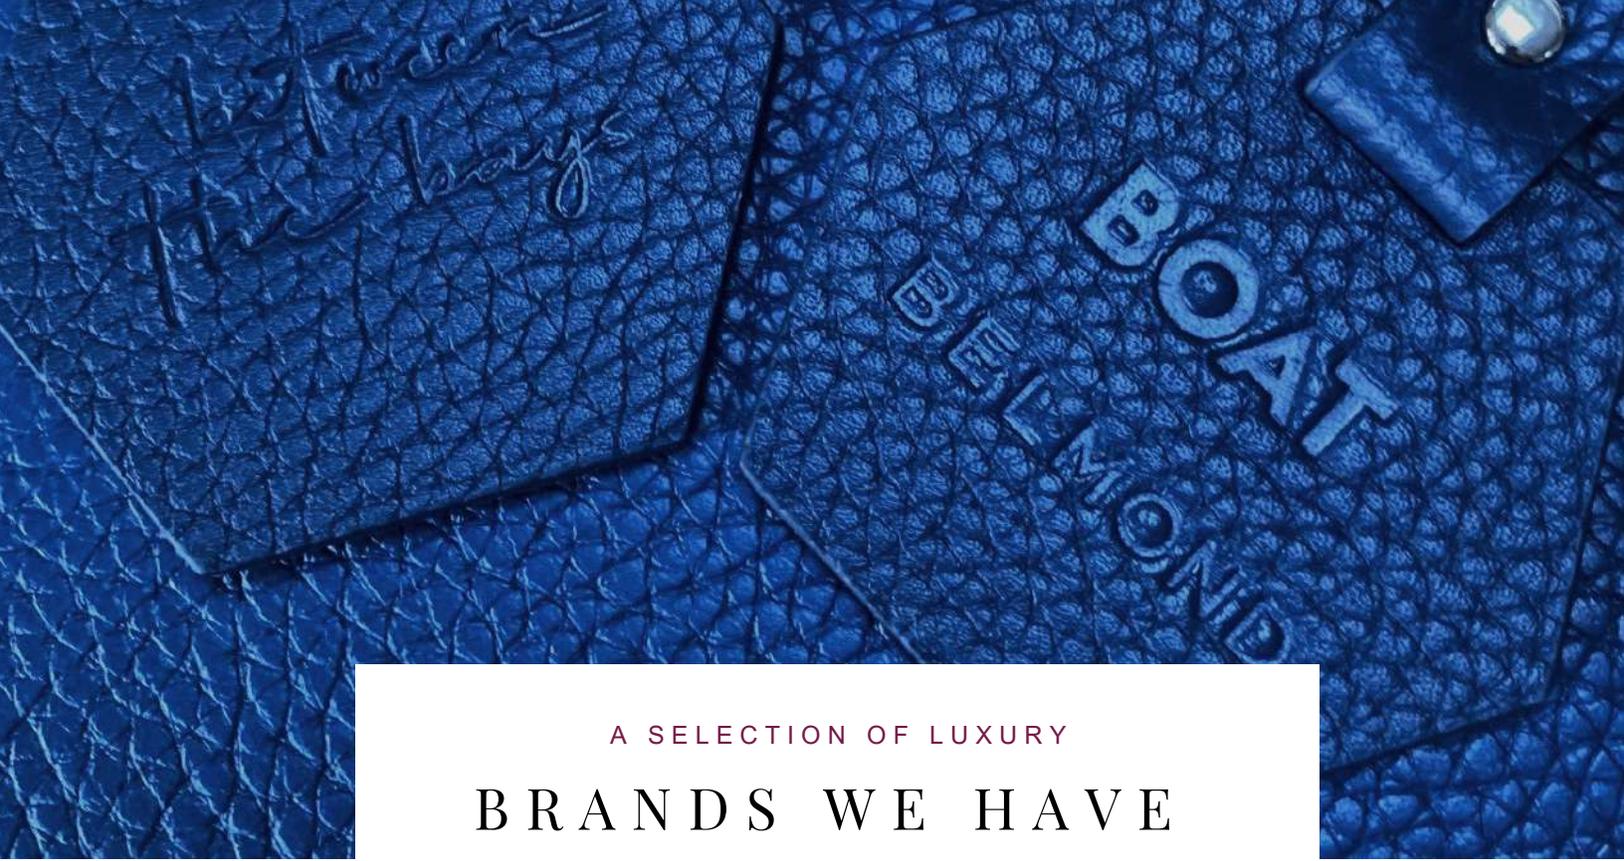

At CLG London, we apply a passion developed over 15 years of working together for a British Heritage brand, learning the history and nuances of the leather-maker's craft from the very best.

We are committed to taking corporate gifting to new heights by designing modern leather accessories that will be treasured and used every day. We pride ourselves on the unrivalled quality of our goods, by only working with master artisans who use the finest materials.

It's this depth of knowledge, the respect for its characteristics, and potential of this most versatile natural material we bring to everything we craft for you.

"The team is such a pleasure to work with and the products are absolutely beautiful. This will definitely not be the last time we are working with CLG..."

TESTIMONIALS

DON'T JUST TAKE OUR WORD FOR IT

We are honoured our clients have only ever awarded us 5* star reviews!

THE BERKELEY

We have worked with CLG London to create a few luxury leather gifts for our hotel guests. The whole process was great fun and easy, the team is such a pleasure to work with and the products are absolutely beautiful. This will definitely not be the last time we are working with CLG.

FEVER TREE

It was a pleasure to work the Courtney and Hannah at CLG, I would highly recommend them!

KNIGHT FRANK

I have certainly really enjoyed working with CLG. The Knight Frank offices love the leather and finish of the keyrings.

SUSTAINABILITY & LEATHER

Sustainability

- We have a zero-waste policy, each order is fully bespoke allowing us to manufacture to our clients requirements. Which means we hold no stock and only produce products that are ready to be used.
- We do not use any plastic within our packaging or products. All packaging is recyclable.
- We have carefully chosen DHL and FedEx for shipping. This is due to their ambitious goals to reduce their carbon footprint and minimising their impact on the environment.

Leather

- Our leather is a by-product from the food industry, animals are not reared for their hides.
- We re-purpose and re-home this versatile and beautiful material into practical products that we know our clients will use every day.
- With proper care, a leather product can be used for decades making it one of the most sustainable materials available.
- If and when the leather product has no further use, and is no longer looked after, it will decay and decompose.

ORDER PROCESS

ARTWORK & QUOTE

We will send free of charge artwork showing your branding in different placements and different applications, on a leather of your choice.

Your quote will be included, please note all costs include the embossing of your logo.

ORDER PLACED

Once the artwork is approved we will send an order confirmation and an invoice of 50% payment. Due to the bespoke nature of each order, the order is not deemed confirmed until payment is made.

MANUFACTURING

We advise 8-10 weeks for the delivery of your order. This is the average delivery period, however it can be quicker or longer depending on the nature of your order. Specific delivery dates will be advised in the consultation period.

DELIVERY

We ship globally, and on a drop-ship basis if needs be. Shipping will be quoted for separately and added to the final invoice, unless you choose to collect via your own carrier.
